

Follow your imagination

Prepare for adventure with the XT660Z Ténéré – a rugged, functional and stylish dual-purpose bike. It will take you anywhere you desire – from Europe's streets and highways through to the dust and rocks of deepest Africa.

At the heart of this tough cross-country explorer is a liquid-cooled, 4-valve, 4-stroke SOHC single-cylinder engine that produces plenty of power across a wide rpm range, allowing you to master just about any riding situation.

While its 23-litre fuel tank delivers a good range, new graphics for 2011 turn heads. The comfortable dual seat, wind-beating rally-raid style nose cowl and high screen take the strain on longer journeys.

Some people say the age of adventure is over – after all, the world has already been mapped and discovered. But have you discovered it? That's the idea behind Yamaha's range of adventure bikes; motorcycles that take you on rides you'll never forget. Motorcycles that take you to places you never even knew existed. Motorcycles that keep going when the tarmac runs out.

Our legendary adventure bikes were built for the biggest adventures; just you, your bike and a shimmering horizon.

Yamaha adventure bikes: from tough all-rounders, to radical enduro bikes. Get out there and discover the world. For yourself.

**Strong, powerful engine**

At the heart of this tough intercontinental explorer is a liquid-cooled, 4-stroke, 4-valve, single-cylinder, SOHC engine that produces plenty of power across a wide rpm range. You can seek out the big adventures as this engine allows you to master almost every riding situation.

Tackles the toughest challenges

This adventure machine earned its legendary status in some of the toughest races on the planet - most famously, the gruelling Paris-Dakar rally. The bike possesses all the power and the poise needed to blaze trails all day long, and the reliability demanded by true two-wheeled adventurers.

**The ultimate all-rounder**

It's a totally dual-purpose motorcycle with rider-friendly torque, long-travel suspension, aluminium swingarm (for reduced unsprung weight and better handling) and low 206 kg weight for an all-round better ride, whether you're tarmac cruising or off-road exploring.

Escape to faraway places

Equipped with a 23 litre fuel tank, this machine delivers an excellent range. With ultra-comfortable dual seat and wind-beating rally-raid style nose cowl and high screen, the bike will take the strain on your long journeys.

**Built tough so you can ride hard**

Engineered to be tough and resilient, the XT660Z Ténéré is built to conquer all challenges. Equipped with bash protectors, you can confidently challenge the unknown. The steel tube diamond-shaped chassis protects the engine so you can dominate the roughest terrain without fear.

Adapt to suit

With an exceptionally wide range of high-quality accessories available especially for this model, it's easy to adapt the bike to suit your individual needs. Further enhance the specifications in preparation for your big adventure, whether it's extra luggage capacity or additional protection for you.
